b. For Third Party Tax Consultancy

No.	Company Name	Website	POC	Email Address	Estimated Cost
1	Alton	https://www.alton.com/	Florian Schweinle	florian.schweinle@alton.de	<p>Sales tax services are as follows:</p> <p>1) FEIN registration: \$250 each (we can register for foreign company, there is no need to create USA company to incur extra costs/government bureaucracies)</p> <p>2) Sales Tax registration: \$75 each (while our competitors require a USA company to register sales tax, we can register foreign companies for sales tax once FEIN is available).</p> <p>3) Data processing: 1 report format is included. Any extra report, add \$35/month</p> <p>4) Monthly managed sales tax filing: \$525/mo for up to 15 states. Any extra states: add \$35/mo/state. (while our competitors use third party filing software to file returns via a middleman, we only file directly with each state, using the state's own systems to achieve reliability).</p> <p>5) Service term: 1 year, auto-renewed every year if not cancelled before 30 days of renewal date.</p> <p>Example budget: A singapore seller wants to engage our sales tax service with minimum startup setup. We would register FEIN, 15 states for sales tax, and start filing. The seller also sells using their Shopify.com website.</p> <p>FEIN + 15 sales tax states = \$250 + \$1125= \$1375 (one-off registration fee)</p> <p>Monthly fee + data processing (amazon + shopify) = \$525+ \$35 = \$560/month</p>
