

**ISCC PLUS certifies products, that are derived from more sustainable raw materials.**

**Examples of categories of ISCC PLUS certified products are:**

- **Food** (e.g. olive oil, sugar cane, baked goods)
- **Plastic Applications** (e.g. toys, reusable bottles)
- **Textiles** (e.g. pillows, mattresses)
- **Feed** (e.g. corn gluten feed, food protein concentrate)
- **Chemical Products** (e.g. adhesives, paint)

## MINIMUM CRITERIA

Products must be derived from feedstocks of the following categories:

- **bio** (virgin agricultural and forestry feedstocks)
- **or bio-circular** (biogenic wastes and residues)
- **or circular** (fossil, recyclable waste feedstocks)
- **or renewable** (derived from a process using renewable energy)

To ensure full traceability throughout the supply chain, all entities of the supply chain must be ISCC certified and comply with the scheme's requirements. Companies at the very end of the supply chain (mainly brand owners) can be covered by ISCC certification or ISCC license, depending on their business activities.

The finished goods to be included in the Climate Pledge Friendly program on Amazon are required to be products, as opposed to packaging.

The certified part of the product must reach a minimum share of 20% certified material, in order to be included in Climate Pledge Friendly program on Amazon. Mass balanced material is also eligible.

## PROCESS

	How to become certified	How to become licensed
<b>Step 1</b>	Choose a certification for your market	Check the <a href="#">ISCC decision tree</a> to confirm if a license is applicable for your organization
<b>Step 2</b>	Choose a <a href="#">certification body</a> and sign a contract with them	Apply for the license via the <a href="#">online application form</a>
<b>Step 3</b>	<a href="#">Register with ISCC</a>	ISCC will internally review your application and may ask for <a href="#">additional information</a>
<b>Step 4</b>	Get audited by the certification body and receive an ISCC certificate	ISCC sends the license agreements to be signed
<b>Step 5</b>	Handle certified products and use the ISCC logos and claims as well as the Amazon Climate Pledge Friendly badge. Your certificate needs to be annually renewed and will be published in the <a href="#">ISCC certificates database</a>	After the effective date in your license agreement has passed, you can use the ISCC logos and claims as well as the Amazon Climate Pledge Friendly badge. The finished goods will be published in the <a href="#">ISCC license database</a> . The license renews automatically and requires an annual license fee

## COST

[ISCC license fee structure](#)

Your company is ISCC certified or licensed already? Please follow these steps:

- Send a message to [license@iscc-system.org](mailto:license@iscc-system.org) and ask for the Amazon product template
- Fill in all the data related to your ISCC certified/licensed products on Amazon and send it back to [license@iscc-system.org](mailto:license@iscc-system.org)
- After a final review by ISCC, the products will be badged with Climate Pledge Friendly for the respective Amazon marketplace
- Please keep this list up to date and inform ISCC about any changes
