

## IMDb App for iPad Now Available on App Store

Use iPad to access movie and television information along with high-resolution video through the web's largest entertainment database

SEATTLE, WA.-- April 3, 2010--IMDb.com, Inc. ([www.imdb.com](http://www.imdb.com)), the authoritative source of information on movies, TV and celebrities, and a subsidiary of Amazon.com, Inc., today announced its IMDb Movies & TV App for iPad is available on the App Store. The app gives customers mobile access to the most comprehensive movie and TV database on the web. Additionally, with the enhanced display of iPad, the app now offers users access to high-resolution video in addition to a variety of other features that have made it a leading app for iPhone and iPod touch.

"We are thrilled to bring IMDb to iPad, and we think customers will enjoy the ease with which they can access IMDb information," said Col Needham, IMDb founder and CEO. "From watching an HD movie trailer on the go, to finding out more about a favorite actor or director, the IMDb Movies & TV App for iPad will be the premiere app for discovering all movie and TV information."

The IMDb Movies & TV App for iPad lets customers access more than 1.5 million movie and TV titles with information on 3.2 million celebrities, actors, actresses, directors and crew members. With the app users can also:

- Watch high-definition trailers
- Find localized U.S. movie showtimes
- Browse enhanced photo galleries
- Get localized U.S. TV listings
- Find and shop for the latest DVD and Blu-ray releases
- Explore popular charts such as "Best Picture Winners," "Popular TV," and "Born Today," a list of celebrity birthdays.

IMDb Movies & TV App for iPad is available for free from the App Store on iPad or at [wwwitunes.com/appstore/](http://wwwitunes.com/appstore/)
