

Sellers can reduce their shipping costs by 31% on average with Amazon Buy Shipping*

Shipping orders can be time-consuming and expensive for Sellers who fulfill Amazon orders from their warehouse. Amazon Buy Shipping allows them to purchase shipping labels at discounted rates from carriers. Amazon is constantly re-negotiating rates on sellers behalf with major carriers to make affordable shipping more accessible. Our recently updated rates provide sellers with discounted shipping labels where the majority of shipments are at least **31% cheaper** vs retail rates*. Sellers also get access to wholesale rates regardless of how much they ship, or they can connect their carrier accounts and use their own rates.

amazon | buy shipping

When sellers purchase labels with Amazon Buy Shipping, they unlock benefits that help protect their account, decrease the likelihood of late deliveries, and protect them from delivery-related claims**. Sellers can also purchase shipping labels from Amazon Shipping, an all-new ground shipping service for Amazon selling partners. Plus, they get access to pre-negotiated rates with major delivery carriers.

Access Amazon Shipping

Seller can access Amazon Buy Shipping on:

Seller Central [Manage Orders page](#), simply click the "Buy Shipping" or "Bulk Buy Shipping" button

[Select Multi-Channel Integrators](#), like Veeqo, SellerCloud, and more

Their own software using our [Selling Partner APIs](#).

*vs retail rates for ground ship methods of UPS, USPS and FedEx

**To be eligible for A-to-z Protection you must: 1) Purchase the shipping label on Amazon Buy Shipping, 2) Ship on time, which will be considered at the moment of the carriers 1st scan, not when you confirm shipment, and 3) Respond to any customer inquiry in Buyer-Seller Messages within 48 hours.

*** Based on comparison of late deliveries between January and August 2023 when labels were purchased on Amazon Buy Shipping vs on other Shipping software
