

Family Camp Crests

Every summer camp needs its own flag. Transform your home into your very own summer camp anytime by designing your own family “camp crest” and fly your flag high!

DIY Camp Flags

✦ What you need ✦

**Cotton t-shirt
or pillowcase**

Glue

**Craft materials such as felt
and fabric pieces, stencils
and markers/paint, glitter,
and stickers**

Tie-dye kit

✦ Making your flag ✦

- 1.** Parents, help kids prepare the fabric for your flag by creating a colorful base. Use an at-home tie-dye kit with safe, non-toxic dyes.
- 2.** Once the fabric is dried, it's time to design your family crest! It's all about your unique creativity, but here are some ideas to get you started:
- 3.** Cut out letters to spell out your names, initials, or a fun camp name you invented.
- 4.** Draw or cut out fabric shapes to represent your favorite activities and interests!
- 5.** Create colorful blocks using paint, markers, or fabric pieces. Use your favorite colors or use colors that represent meaning for your family.
- 6.** Add stickers or glitter to give your flag extra flair.
- 7.** Hang your flag on a wall, doorway, or flagpole (a stick will also do), and turn every day into summer camp!

Did You Know?

There are thousands of flags representing cities, states and countries across the world, not to mention summer camps and clubs of all kinds! A person who specializes in studying flags is called a vexillologist. By designing your own flag, you just became a vexillographer for the day!

There have been 27 different official versions of the American flag, as stars were added over the years for each state.

Only one nation in the world has a flag that is not a rectangle or square—any guesses? It's Nepal! Located in South Asia, Nepal is wedged between India and China and borders the tallest mountain in the world, Mount Everest.
