

Introducing echo input

Bring Alexa to your own speaker

MSRP \$34.99

- Echo Input adds Alexa to an external speaker and connects via 3.5 mm audio cable or Bluetooth.
- With four microphones, Alexa hears you from across the room—even when music is playing.
- Slim, low-profile design fits almost anywhere.

Add Alexa to your personal speaker

Echo Input connects to and adds Alexa to your favorite speaker via 3.5 mm audio cable or Bluetooth. With four microphones and a slim, low-profile design, Alexa will hear you across the room—even when music is playing.

Always ready to help

Make your life easier at home. Use your voice to set timers, add items to lists, and create calendar events and reminders. You can also check the news, weather, or traffic. Ask for sports scores, movie showtimes, restaurant hours, or information.

Alexa has skills

Alexa has more than 30,000 skills and counting. Skills are like apps and help you do more such as playing Jeopardy!, meditating with Headspace, and falling asleep to rain sounds. Create your own skills with Alexa Skill Blueprints.

Alexa has thousands of skills. Just ask : Alexa is the brain behind Echo and Alexa devices. Using Alexa is as simple as asking a question. Pair Echo Input to a speaker—just ask, and Alexa will respond instantly.

"Alexa, play party music in the living room."

"Alexa, play hip-hop music."

"Alexa, play the station KEXP."

"Alexa, what's on my calendar?"

"Alexa, remind me to call Mom at 2 PM."

"Alexa, set a timer for 15 minutes."

"Alexa, turn up the volume."

"Alexa, tell me the news."

"Alexa, help me get started with skills."

Helping customers choose

Echo Input does not have a built-in speaker and connects via 3.5 mm audio cable or Bluetooth. Just ask Alexa to play a song, check the news or weather, set alarms and timers, add items to your to-do list, or control compatible smart home devices.

Echo Dot is a compact, smart speaker that you can add to any room. Ask Alexa to play music, control smart home devices, make calls, send and receive messages, provide information, read the news, set music alarms, read audiobooks from Audible, control Amazon Video on Fire TV, and more.

Amazon Echo is a smart speaker with room filling sound designed around your voice for hands free convenience. Just ask for information, music, audiobooks, news, weather, traffic, sports, and more.

Echo Plus is a premium smart speaker for powerful 360° sound, and a built-in smart home hub and temperature sensor. Just ask Alexa to play music, answer questions, make calls, provide information, news, sports scores, weather, and more. With the built-in hub, starting your smart home is easier than ever.
