

firetvstick

Fire TV Stick is a streaming media player on which customers can:

- Experience tens of thousands of channels, apps, and Alexa skills
- Browse millions of websites like YouTube, Facebook, and Reddit using Firefox or Silk.

The included **Alexa Voice Remote** allows customers to use their voice to:

- Launch and control content
- Play music, find movie show times, order pizza, turn off the lights and more.

In addition, the new power, volume, and mute buttons allow customers to control their compatible TV, sound bar, and receiver.
