

SHOW THE WORLD WHAT YOU'RE MADE OF

Bring visibility and credibility to your sustainability efforts with robust third-party certification

Life Cycle Assessment (LCA) Optimized

GreenCircle will verify and certify claims that life cycle impacts of products were reduced as a result of implemented changes to the product based on previous LCA data.

Have two LCAs?

YES

GreenCircle will verify and certify claims that life cycle impacts of products were reduced as a result of implemented changes to the product based on previous LCA data.

NO

No LCA, no problem! GreenCircle will send a list of reputable consulting firms who can all help with the development of your products life cycle assessment.

Once your LCA is complete, and changes are implemented within the manufacturing process and/or product recipe we will connect you back to GreenCircle to work on your LCA Optimized certification.
