Fulfilment by Amazon Fees

Q1: If I am selling on Amazon, do I pay other fees in addition to the fulfilment fees, storage fees, and optional service fees?

Yes, you pay a subscription fee or per-item fee depending on your current selling plan. You also pay a referral fee per category and closing fee per media item sold. A returns processing fee is charged on customer-returned products sold on Amazon (see FAQ 5). To see which fees and selling plan apply to you, please visit [Selling on Amazon Fee Schedule](#) and [Seller Pricing and Plans](#).

Q2: How are Fulfilment Fees calculated?

Fulfilment Fees are calculated based on the total weight (rounded up to the nearest 1g) of the parcel (your unit's weight and our packaging weight) and the dimensions of the parcel. Dimensions include item packaging and may change based on packaging type. Amazon will be entitled to make its own measurement of the dimension and weight of any packaged unit or representative sample thereof and in the event of any conflict between such measurement and information provided by the seller, Amazon's measurement will govern.

Q3: How are Storage Fees calculated?

Storage Fees are charged for all units stored in an Amazon fulfilment centre based on calendar month and your daily average volume per cubic metre (or cubic feet for UK). The cubic metre of any unit will be based on the unit's size as properly packaged and ready for shipment to customers in accordance with [FBA programme policies](#). Amazon will be entitled to make its own measurement of the cubic metre or weight of any packaged unit or representative sample thereof and in the event of any conflict between such measurement and information provided by the seller, Amazon's measurement will govern.

Q4: What are Long-term Storage Fees (LTSF)?

Inventory items that have been in our fulfilment centres for more than 365 days will be charged a monthly long-term storage fee (LTSF). Non-media items will be charged a monthly storage fee of £4.30 per cubic foot / €170 per cubic metre. Media items will be charged the greater of either a monthly long-term storage fee of £4.30 per cubic foot / €170 per cubic metre or a minimum long-term storage fee of £0.10/€0.10 per unit. The LTSF will not be charged if a request has been made to remove or dispose of the units prior to the fee being charged. For more information on how to calculate the LTSF, visit [FBA long-term storage fees](#).

Q5: What is the returns processing fee?

The Returns Processing Fee is equal to the total fulfilment fee for a given product and only applies to the following categories for which Amazon offers free customer return shipping to a fulfilment centre: Watches, Jewelry, Clothing, and Shoes and Handbags. These fees apply to units fulfilled from local inventory as well as across Europe through the European Fulfilment Network (EFN) program. For more information visit the [Returns Processing Fee](#) page.

Q6: Are media and non-media items that are Sold On Amazon charged different Fulfilment Fees?

Media and non-media items that are Sold On Amazon are charged the same Fulfilment Fees.

Additional Services and Programs

Q12: What is the Central European Program (CEP)?

Amazon has extended its German Fulfilment network with several Fulfilment centres in Poland and Czech Republic in order to fulfil growing demand and increase efficiencies. Sellers with German inventory can opt to either store their inventory in Amazon's fulfilment network including Poland and Czech Republic or continue to store their inventory exclusively in Germany. Sellers storing their inventory exclusively in Germany are charged an additional €0.50/€0.45 of Fulfilment Fee per FBA and €0.30 of Fulfilment Fee per Small and Light unit shipped from German fulfilment centres. Some product categories may not be eligible for the CEP. Sellers who are part of the Pan-European FBA program are not charged this fee. Amazon charges no extra costs for participation in the CEP. Remember: it is the responsibility of the seller to know that storing inventory in Poland and Czech Republic will trigger VAT obligations and other reporting requirements. For more information, please visit the [Central European Programme](#) page.

Q13: What are the cross-border fulfilment options?

Fulfilment by Amazon offers three cross-border fulfilment solutions: Pan-European FBA, European Fulfilment Network (EFN), and Multi-Country Inventory (MCI).

Q14: What is Pan-European FBA?

With Pan-European FBA, sellers send their inventory to one local Fulfilment centre and Amazon distributes it to all 6 European marketplaces based on demand. Only local fulfilment fees apply¹. Participation in CEP and tax registration in 7 countries is a requirement. Visit [Amazon's VAT Knowledge Centre](#) for resources that may help you manage your VAT compliance obligations. Find further information on the [Amazon Pan-European FBA website](#).

Q15: What is European Fulfilment Network (EFN)?

With European Fulfilment Network (EFN), you can reach customers in all 6 European marketplaces with local product listings. Sellers send their inventory to one local fulfilment centre and deliver to other European marketplaces with cross-border fees and deliver domestically with local fulfilment fees. For example, an Italian customer shopping on Amazon. it can see products sold by a UK seller with a product listing translated in Italian, and buy it for delivery to Italy. The UK seller would pay cross-border fees if the inventory is in a UK fulfilment centre.

Q16: What is Multi-Country Inventory (MCI)?

Multi-Country Inventory (MCI) allows you to send items directly to international Amazon fulfilment centres for storage in the other marketplaces that is not your local marketplace. Local FBA fees apply for sales in marketplaces where you store inventory and cross-border fees apply for sales in marketplaces where you do not store inventory; however, you need to manage your inventory and demand forecasting yourself. Amazon.nl does not participate in MCI.

Q17: What are the tax implications of international selling?

If you sell goods in any EU country, it's likely you may be required to register for Value Added Tax (VAT) and comply with VAT filing requirements in each country you sell in. Storing goods in any EU country will likely also require you to comply with VAT obligations in that country. Visit [Amazon's VAT Knowledge Centre](#) to find out more. Enrolling in [VAT services on Amazon](#) can help you manage your VAT compliance obligations. Remember: it's the responsibility of each Amazon seller to ensure they are VAT compliant and you should seek professional advice if you are unsure of your obligations.

¹Local fulfilment fees do not apply for oversize products.
