Safety Data Sheet: ArmaFlex HOME Insulation

Product Description
ArmaFlex HOME is a high-quality, self-adhesive insulation material made of closed-cell elastomeric foam.
It is ideally suited for DIY projects, camper conversions, hobby rooms, and numerous other applications.
It reliably protects against heat loss, condensation, drafts, and noise, ensuring a pleasant indoor climate.

Product Properties
- Material: Closed-cell elastomeric foam (FEF) based on synthetic rubber
- Thermal conductivity: ≤ 0.035 W/(m*K)
- Temperature range: -50 °C to +85 °C
- Fire behavior: Flame-retardant, self-extinguishing, non-dripping
- Antimicrobial protection against mold and bacterial growth
- Low-odor formulation, suitable for indoor use

Areas of Application
- Camper and vehicle insulation (motorhomes, vans, boats, transporters)
- Interior insulation (walls, ceilings, shafts)
- DIY projects (garden houses, workshops, hobby rooms)
- Sound insulation and impact protection

Processing
- Self-adhesive for easy and clean installation
- Easy to cut with a utility knife or ceramic knife

Available Sizes
- 10 mm thickness – 10 m length – 10 m²
- 19 mm thickness – 6 m length – 6 m²
- 25 mm thickness – 4 m length – 4 m²
- 32 mm thickness – 3 m length – 3 m²

Scope of Delivery
- 1x insulation sheet of choice
- 1x pair of Scorprotect® fine-knit work gloves in red, CAT2, latex-soft coating
- 1x Scorprotect® lanyard
