

DJI MIC 2

Notes:

* After purchasing, scan the QR code inside the package and register to enjoy a 1-year extended warranty.

** During the product warranty period, if a product malfunctions due to quality issues, it can be replaced free of charge.

1. Both the DJI Mic 2 (2 TX + 1 RX + Charging Case) combo and the DJI Mic 2 (1 TX + 1 RX) combo come with transmitter(s) in Shadow Black. DJI Mic 2 Transmitter (Pearl White) is sold separately.
2. Intelligent noise cancelling of DJI Mic 2 cannot be enabled when the transmitter is connected to a smartphone via Bluetooth.
3. Internal recording of DJI Mic 2 cannot be used when the transmitter is connected to a smartphone via Bluetooth.
4. Each transmitter has 8 GB of internal storage to store up to 14 hours of uncompressed 48kHz 24-bit audio.
5. For more details on compatibility, refer to the official compatibility list.
6. Measured with FCC compliance in an unobstructed environment without interference (160 m under CE). This data is for reference only. Actual transmission distance may vary depending on environment.
7. Tested with both transmitters connected to the receiver, without backup recording, and with the receiver connected to a camera via Camera Audio Cable (3.5mm TRS).
8. Sold separately.
