

Device Registration And Transfer Of Ownership

Once you register a Winegard device through the **Winegard - Connected** app, it is linked to your account unless you give permission for it to be transferred.

If you plan on transferring ownership (for example, if you give away your device as a gift), follow these steps before you hand it over.

1. Sign in to the **Winegard – Connected** app on your smart device
2. Select **CONTINUE WITHOUT SCANNING**
3. Tap the **menu** (three horizontal lines icon) in the top-left corner and select **Account**
4. Choose **My Devices**
5. Tap **Delete** next to the device you'd like to de-register
6. Select **REMOVE**

Once you have removed the device, it can now be reassigned to any Winegard account.
