

## **Newport Warranty Documentation**

**How to make a claim?** Newport is an online electric motor and inflatable boat brand, meaning we will require a completed warranty claim submission of photos and videos of the damaged parts. More time than most, the damages are minor and simple to repair with the right guidance. Our support team will do our best to tackle the issue at hand and resolve via online support. Newport will not replace any parts/products without seeing photo or video content of the claimed damages and proof of purchase within the warranty coverage. All warranty claims, for parts or service, require a warranty claim form to be completed and an RMA (Return Material Authorization) to be created for return of the original product.

### **Two Year Limited Warranty, Non-transferrable, restricted to original owner.**
