

## User Manual for Yizhet 2pcs Kitchen Sink Strainer

Thank you for choosing Yizhet 2pcs Kitchen Sink Strainer. Please read this user manual carefully before use to ensure that you can fully enjoy the benefits of our product.

### Note:

Before purchasing, please check the diameter of your sink drain to ensure that it is between 45mm (1.77 inches) and 75mm (2.95 inches) in order for the sink strainer to fit properly.

### Features:

- Made of high-quality stainless steel, our sink strainer is durable, anti-rust, and anti-corrosion.
- The micro-perforation design with 2mm diameter holes allows water to pass through while capturing bits of food and waste.
- The unique beveled edge provides a secure fit to prevent the sink strainer from slipping.
- Easy to clean with warm soapy water or can be washed in the dishwasher.

### Installation:

1. Remove any existing sink strainer or stopper from the sink drain.
2. Insert the Yizhet sink strainer into the drain, ensuring that it is seated securely.
3. Check the fit to ensure that the beveled edge is flush with the sink surface.
4. The sink strainer is now ready to use.

### Maintenance:

- Clean the sink strainer regularly to prevent the buildup of debris and maintain efficient water flow.
- To remove any trapped debris, simply lift the sink strainer out of the drain and dispose of the waste.
- Wash the sink strainer with warm soapy water or place it in the dishwasher for easy cleaning.

### Usage:

Our sink strainer is suitable for use in the kitchen, bathroom, bath, shower, toilet, washbasin, and other outlets. It is designed to prevent clogging and maintain smooth water flow.

### Caution:

- Do not use harsh chemicals or abrasive cleaners on the sink strainer as this may cause damage to the surface.
- Keep out of reach of children.

We hope that you find our Yizhet 2pcs Kitchen Sink Strainer to be a helpful addition to your home. If you have any questions or concerns, please feel free to contact us.
