

Instructions for Cat Steam Brush

Please follow the instruction when you use it the first time.

1. Add water before spraying. It will spray for 5min and stop until you re-press the button. If it still doesn't work, charge up for a while and try again.
2. The charger no more than 5V and 20W, NOT use the fast charging. Please use mobile phone charger or USB ports; red led on when charged, goes out when full charging; charging time less than 30min.
3. Do not overfill and invert to prevent leakage. The mist is cold.
4. The brush makes some noise when spray. Some cats are afraid of the noise, please be careful to buy if you have concerns that your cat won't like the brush.
5. If you have others issues, please feel free to contact us via amazon email.
