

QA for eSeedy Water Dispenser

Dear, if you have any questions, we will solve it for you. We look forward to hearing from you.

| | Q | A |
|---|-------------------------------------|---|
| 1 | How to clean? | <ol style="list-style-type: none"> 1. It is recommended to soak the suction hose and stainless steel outlet pipe in a hot water basin (add some vinegar is recommended) for 10 minutes. 2. After installing the outlet pipe and hose of the water pump, insert the hose into the vinegar-containing water basin to pump water for about 30 seconds. 3. Wipe the housing of the water pump with a damp cloth. Note: Battery products cannot be placed in water. |
| 2 | What to do if there is a loose? | Please get a bottle cap and put on, then it will not loose.  |
| 3 | What to do if it make a loud noise? | Please take off the water pump from the bottles to let air in. Then noise will be much smaller. |
| 4 | What charger should I use? | Please do NOT use a fast charger, a 5V 1A charger is suggested to protect battery. |
| 5 | Do I need to charge before use? | Yes, dear. Please full charge first. |
| 6 | What to do if not to work? | Please contact our and we will send a new replacement in a short time. |
| 7 | What to do if parts missing? | |
| 8 | What to do if not charging? | |
