

Keurig® SimpleCafé Coffee Maker with Frother – User Guide

Product Overview

The Keurig® SimpleCafé is a single-serve coffee maker with an integrated milk frother. Model number **5000374916**, ASIN **B0CT43RWPQ**. Dimensions are approximately **33 cm (H) × 18 cm (W) × 28 cm (D)**, with a weight of about **4.5 kg**. It operates on **120 V** power with a maximum wattage of **1470 W**. The water reservoir has a **1.2 L capacity**, and the frother cup holds up to **200 ml** of milk. The unit is finished in matte black with stainless steel accents.

Product Features

The machine brews coffee using Keurig® K-Cup pods, offering multiple cup sizes (6, 8, 10, and 12 oz). The **integrated frother** prepares hot or cold milk foam for lattes, cappuccinos, and iced drinks. A **strong brew option** increases coffee strength. The **removable reservoir** allows easy refilling and cleaning. The frother cup is dishwasher-safe. The unit heats quickly, brewing in under one minute.

Instructions for Use

Fill the water reservoir with fresh water. Insert a K-Cup pod into the holder and close the lid firmly. Place a mug on the drip tray. Select your desired cup size and press the brew button. For milk-based drinks, pour milk into the frother cup, place it on the frother base, and select hot or cold froth. Combine brewed coffee with frothed milk to prepare your beverage.

Warnings & Precautions

Use only Keurig® K-Cup pods designed for single-serve brewers. Do not immerse the machine in water. Keep children away from hot surfaces and moving parts. Disconnect power before cleaning or servicing. Do not operate with damaged cords or plugs. Use only fresh milk in the frother; avoid non-dairy creamers unless specified as froth-compatible.

Maintenance Advice

Empty and rinse the drip tray regularly. Clean the pod holder and needle with the included cleaning tool to prevent clogs. Wash the frother cup after each use; it is dishwasher-safe. Descale the coffee maker every 3–6 months using Keurig® descaling solution. Wipe the exterior with a damp cloth; avoid abrasive cleaners.

Programs & Functions

The brewer offers four cup sizes (6, 8, 10, 12 oz) and a **strong brew option**. The frother provides **hot froth** for cappuccinos and lattes, and **cold froth** for iced drinks. Brewing and frothing can be done simultaneously.
