

FAQs

How Do I Use Downy Unstopables Scent Beads?

- Simply measure the desired amount of in-wash scent booster beads in the provided cap, and then toss the beads into your washing machine drum before adding clothes, for long-lasting freshness!

How Does Downy Unstopables Work?

- Downy Unstopables In-Wash Scent Booster beads infuse your fabrics with perfume micro-capsules. When these capsules are touched throughout the day, they pop to release the wonderful, premium Unstopables scents you love.

Do I Need to Use Detergent with Downy Unstopables Scent Beads?

- Yes. Use beads WITH laundry detergent. Downy Unstopables In-Wash Scent Booster beads are for adding long-lasting freshness to your clothes and fabrics, not for cleaning.

If I Use In-Wash Scent Booster Beads, Do I Need Liquid Fabric Softener?

- For best results—yes! Liquid Fabric Softener conditions fibers, keeping your clothes soft and fresh, and In-Wash Scent Booster beads are designed to add even more of the long-lasting freshness you love to your fabrics.

If I use In-Wash Scent Booster Beads, Do I Need to Use Dryer Sheets?

- Of course! Both In-Wash Scent Booster beads and Dryer Sheets infuse your clothes with a great, premium scent, but the beads have our touch-activated technology, while Dryer Sheets fight static cling, provide softness and ease wrinkles. It's best to use both with every load of wash, resulting in wonderfully long-lasting scents and incredible softness.
