SUNEXPRESS WARRANTY

The SUNEXpress™ Warranty, hereafter referred to as the SUNEXpress program, is solely a marketing program outlining the details of a streamlined exchange process and is not intended as an express or implied warranty by definition. This exchange is in lieu of any other remedy for a product defect you may have, including breach of any other express or implied warranties. The SUNEXpress™ program does not apply to defects that result from use of jack other than intended as lifting equipment, initial performance defects that may be resolved through purging air from the pump, nor defects that may be resolved by the supply of spare parts, including but not limited to, defects in the handles or casters.
