

TROUBLESHOOTING STEPS:

The lid of the item should not be 'tight' fit as this could cause a pressurised cooking environment and this item is not a pressure cooker

Suitable for any health conscious household, this Tower Saute Pan requires minimal to no oil with its non-stick Trustone coating that assures the best nutritional taste from your dishes.

Our unique Trustone cookware pans provide high quality performance, a sleek design and exceptional functionality, making it the ideal addition to suit any kitchen.

Constructed with five layers of fused materials for non-stick, long lasting durability throughout every use, with minimal oil required and even heat distribution for flavoursome, healthy food every time.
