

KID KEEPER

Patented Safety Harness with Adjustable Wrist Strap

Directions For Use:

1. Undo Velcro torso strap and place the Kid Keeper over the child's head, taking care to see that a shoulder strap is on either side of the child's head.
2. Adjust the shoulder strap height until the torso strap is about mid-torso on the child.
3. Attach the Velcro torso strap. Torso strap should be snug, not tight.
4. Attach snap clip to ring on back of Kid Keeper; adjust to a comfortable length.
