

ECOHUB Toiletry Bag User Manual

Thank you for choosing the ECOHUB Toiletry Bag. This manual outlines the product's intended use, how to utilize it effectively, and essential care instructions.

Intended Use

The ECOHUB Toiletry Bag is designed for organizing personal toiletries during travel or at home. Its compact size makes it suitable for carry-on luggage, and it's ideal for both travel and business trips.

How to Use the ECOHUB Toiletry Bag

1. Packing Your Bag

- **Wide Opening:** Unzip the bag to open the main compartment fully, allowing easy access to your items—no more digging around.
- **Organization:**
 - Use the wet pocket for your electric toothbrush.
 - Store small items in the two elastic loops.
 - Utilize the two mesh pockets for travel-sized toiletries, cotton swabs, and band-aids.
 - The zippered pocket is perfect for personal items.
 - The main compartment accommodates larger items like shampoos and shaving cream.

2. Carrying Your Bag

- **Handle:** Use the reinforced side handle for convenient carrying. The thickened handle ensures durability under weight.
- **Lightweight Design:** Weighing only 0.17 kg, this bag is easy to carry even when packed with items.

3. Cleaning and Maintenance

- **Material Care:** The bag is made from water-resistant fabric; wipe clean with a damp cloth as needed.
- **Storage:** The bag can be folded into a thin piece for minimal storage space when not in use.

Important Notes

- **Shockproof Design:** The bag features three layers of fabric for added protection, making it sturdy and suitable for extended use.
- **Recyclable Material:** This bag is designed with eco-friendly materials, contributing to sustainable travel.
