

USER MANUAL

Maintenance Tips

Routinely

Use a dry cotton cloth to wipe off the dust, water marks etc. on the product.

Monthly

Use a wet cloth with detergent to clean the scale, dust, water marks and oil, and then dry the water with a dry cotton cloth immediately.

Important Notes

1. Please do not soak the product in water.
2. Avoid contacting or cleaning with strong acids and strong bases.
3. Avoid being scraped by the sharp objects.
