

What Deadbolts are Compatible with August Smart Locks?

We have tested August on many different types of single cylinder deadbolts. Below is a list of deadbolts that we have tested that are compatible with August Smart Locks. Currently, August Smart Locks are only compatible with single cylinder deadbolts. With our newest August Wi-Fi Smart Lock [we offer a bundle](#) that includes a compatible Yale flat round single cylinder deadbolt. See product specifications for the bundle [here](#).

The image below illustrates what to look for to determine whether your existing lock is compatible:

Compatible

Not Compatible

PLEASE NOTE: We are not currently compatible with:

- Mortise locks
- Double Cylinder deadbolts (key hole on both outside and inside of door)
- Medeco, Mul-t-Lock or single sided deadbolts
