

Instructions for Use

Product: Fire Blanket

Standard: EN 1869

Intended Use:

This fire blanket is designed to smother small fires in kitchens, offices, or vehicles by cutting off the oxygen supply. It is for emergency use only.

Instructions:

1. Pull the tabs to release the fire blanket from its container.
2. Hold the blanket in front of you, protecting your hands with the fabric edges.
3. Carefully cover the fire completely with the blanket.
4. Turn off the heat source if it is safe to do so.
5. Leave the blanket in place until the fire is completely extinguished and cooled.

Warnings:

Do not attempt to use on large or out-of-control fires; evacuate and call emergency services.

Do not fold the blanket while hot.

Avoid contact with flames directly on hands or body.

Storage and Maintenance:

Store in an accessible location near potential fire sources.

Inspect regularly for damage; replace if worn or torn.

Do not wash; clean only with a dry cloth if necessary.

Emergency Advice:

Always have a working smoke detector in the area.

If someone's clothing catches fire, wrap the person with the blanket and roll on the ground to extinguish flames.
