

Multi-Functional Outdoor & Car Seat Pet Mat Instruction Manual

1. Product Overview

This outdoor car pet mat is specially designed for traveling with your beloved pets, combining the functions of a car anti-slip mat, outdoor picnic mat, and home rest mat.

High-strength, wear-resistant Oxford fabric: Waterproof and stain-resistant, easily repels hair, dirt, and paw prints.

Full-Enclosure Anti-Slip Design: Bottom features a silicone dot grid pattern that stays firmly in place during sudden braking, ensuring driving safety.

Adjustable Safety Harness: Compatible with most vehicle models for simple installation.

Center Zipper Split Design: Flexibly covers the backseat or extends to the front seat, allowing pets to be closer to their owners.

2. Installation Guide – Car Mode

Install only when the vehicle is completely stopped!

Clean the seat: Ensure the car seat surface is free of sand, stones, or hard objects to prevent scratching the mat.

Secure anchor points: Thread the seat belt opening at the top of the mat through the car's headrest bracket or seat belt slot.

Unfold and lay flat: Fully unfold the mat to cover the rear seat area, ensuring all sides are properly secured.

Activate anti-slip: Smooth the mat with your hands to ensure the bottom anti-slip grid makes full contact with the seat.

3、 Multi-Scenario Usage

Car Mode: Protects seats from pet claw marks, hair, dirt, or vomit.

Outdoor Mode: Serves as a waterproof picnic mat or pet resting pad during camping or beach outings.

Home Mode: Can be placed on sofas, beds, or inside pet crates as an extra resting area.

4. Cleaning & Maintenance

Daily Cleaning: After disembarking, shake off hair and sand from the mat, then wipe with a damp cloth.

Deep Cleaning: Rinse with cold water and a neutral detergent, or gently scrub with a soft brush.

Machine Washable: Pre-treatment: Rinse off large chunks of dirt. Use a Laundry Bag: It is recommended to roll up the mat and place it in a large mesh laundry bag to avoid excessive stretching and abrasion during washing.

Drying: Air dry in a cool, well-ventilated area, avoiding direct sunlight.

Storage: After cleaning and drying, roll or fold the mat and store in a dry location.

5. Important Safety Warnings

This product is a protective pad and not a professional safety restraint device!
Always secure your pet with a pet harness or airline-approved carrier while driving to prevent accidents.

Ensure the pad does not obstruct the vehicle's airbag deployment area (as indicated by the SRS/AIRBAG label on the seat side) or seatbelt slots.

Prevent pets from chewing on the pad. Replace immediately if damage is detected.

6、After-Sales Service

We are committed to providing high-quality products and services. Should you have any questions or concerns about your order, please contact us via Amazon's messaging system. We will do our utmost to resolve your issue.
