

# Instructions For Use

## How to Apply FRONTLINE Plus for Dogs:

1. **To remove the applicator**, use scissors to separate one blister. Cut along dotted line, then peel foil to remove applicator.
2. **Hold applicator upright** with foil side toward you and snap applicator tip.
3. **Part dog's hair** between shoulder blades. Place applicator tip just above the skin and squeeze. Apply entire contents of applicator in a single spot directly onto dog's skin. Do not apply on top of hair coat.
4. **Avoid contact with treated area** until dry.
