

Important Information:

The puppy play pen is a gradual training solution to improve your dog's behavior. We always advice to consult a professional puppy trainer before using the play pen. It is also recommended on introducing your puppy to the play pen slowly and gradually on which it will allow them to feel comfortable and safe. This will keep them from escaping the play pen and avoid climbing the cage.

We recommend on consulting a professional puppy trainer before using the play pen. Just like any other dog puppy breeds, they all need a puppy training before using the pet play pen.

The product is made of polypropylene material which is intended to be lightweight and durable. We recommend on installing the play pen tightly to ensure the effectiveness of the cage. The play pen also needs to be installed properly to distribute the weight evenly to the four sides of the panels to make it more effective for the purpose.
