

1523D Combination Padlock – Combination Resetting Instructions

The lock is preset to open at 0-0-0-0.

To set your own combination:

1. Align 0-0-0-0 with Master logo & pull up on the shackle to open the lock.
2. Pull off metal end cap.
3. Remove all four combination dials.
4. IMPORTANT! Align red marks with Master logo.
5. Install dials so new combination aligns with Master logo.
6. Snap metal end cap on. If end cap won't attach, make sure dials are right side up.
7. Close shackle & scramble dials to lock.
