

What are the benefits of glass ?

Water tastes better in glass. Glass doesn't stain, smell, or have a metallic or plastic taste. Not only that, glass is also great for your health. You don't have to worry about chemicals like BPA, lead, or other unknowns leaching into your liquids.

Still not sold? Think about our environment! Glass is one of the greenest recyclable materials on the planet. By using an Ello reusable bottle, you're doing your part in reducing waste, not to mention saving money and Earth's resources by not buying bottled water. Everyone wins!

Are you product is safe ?

We take your health and well-being very seriously. Offering safe, high quality products is what keeps us in business and keeps our customers coming back. Your safety and confidence in Ello is everything to us.

We take extra care in producing products that are toxin free. You'll never find BPA/BPS, phthalates, polycarbonate, lead, latex, or cadmium in any of our products. We will always share product information so you can make informed decisions. Email us any time at support@elloproducts.com
