General Advisory: RV Covers are not waterproof. Some water may penetrate the cover. In order to prevent mildewing of either the cover or your unit, the cover is designed to allow trapped moisture to evaporate and the cover to dry. During installation and removal, care must be taken not to snag the cover on sharp objects. Pad all sharp corners or sharp objects on top of your vehicle. Care should be taken when cinching back as the sides of the steps on the ladder could possibly puncture the cover. Damage caused by high winds will not be covered by this warranty! This warranty is not transferable and does not cover normal wear and tear, weathering, or damage caused by improper use. The warranty is also voided if the cover is modified in any way by the purchaser. This warranty gives you specific rights and you may have other rights which vary from state to state.

If the cover cannot be repaired ADCO will replace the cover once during the warranty period at the manufacturer's option. If you feel that you have a warranty problem, please contact ADCO at 800-541-ADCO. We will need to verify that you are in our warranty database.
