May 4, 2023•Knowledge

Description

Limited Warranty for iRobot® **Robot Vacuums, Handheld Vacuums, and Robot Mops**. This Limited Warranty does not affect your statutory rights under the laws relating to the sale of consumer products.

If you are purchasing a qualifying product that includes our promotional extended warranty, the same terms below apply. However, the “Warranty Period” shall be three (3) years.

Warranty Overview:

iRobot Corporation (“We”, “Our”, “Us”) warrants, subject to the exclusions and limitations set out below, this Product (including the iRobot battery and the Clean Base™ Automatic Dirt Disposal, collectively referred to as the “Product”) shall be in good working order for the period of one (1) year from the date of purchase (the ‘Warranty Period’) against defects in materials and workmanship when purchased directly from iRobot or an iRobot authorized seller/dealer/reseller.

In the event the Product fails to meet the warranty standard to iRobot’s reasonable satisfaction, we will within a commercially reasonable time, free of charge, either repair or replace the Product as described below.

This Limited Warranty is only valid and enforceable in the country where you purchased the Product, provided that the said country is on the list of Specified Countries (<http://global.irobot.com/>) defined in the consumer terms of sale which applied when you purchased the Product.

*Please note that Canada and North America receive combined support and are an exception to this rule.

What’s not covered:

Unless agreed in writing, the Limited Warranty will not apply if the defect(s) relate to:

- Normal wear and tear (including, without limitation, wear and tear of batteries, if applicable).
- Defects caused by rough or inappropriate handling or use, or damage caused by accident, misuse, neglect, fire, water, lightning or other acts of nature.
- If the Product contains a battery and the fact that the battery has been short-circuited, if the seals of the battery enclosure or the cells are broken or show evidence of tampering or if the battery has been used in equipment other than those for which it has been specified.
- Non-compliance with the Product instructions.
- Willful or deliberate damage, neglect or negligence.
- Use of spare parts, unauthorized cleaning solution if applicable, or other replacement items (including consumables), which are not provided directly from iRobot® or iRobot® authorized retailers.
- Any alteration or modification to the Product which has been carried out by you or a third party not authorized by us.
- Any failure to adequately package the Product for transportation.
- Extreme or external causes beyond our reasonable control including, but not limited to, breakdowns, fluctuations, or interruptions in electric power, ISP (internet service provider) service, or wireless networks.

- This Limited Warranty does not apply to accessories or other consumable items, such as filters, brushes, dirt disposal bags, cleaning pads or cleaning solutions.

- **Consumables are not included under the standard 1-year warranty.** Accessories/consumables should not be replaced as part of a warranty claim. These parts should be purchased separately. For example, iRobot recommends replacing filters every 2 months, brushes every 6–12 months, and the caster wheel every 12 months.

Making a claim under the limited warranty

If you wish to make a warranty claim, please contact your local distributor, whose contact details can be found at <http://global.irobot.com/>. Upon contacting your distributor, please have the serial number of your Product ready and the original proof of purchase from an authorized reseller, showing the date of purchase and full details of the Product. Our colleagues will advise you of the process involved in making a claim.

Any claim under the Limited Warranty is subject to you notifying us (or our authorized service company/distributor) of the alleged defect within a reasonable time of it coming to your attention and, in any case, by no later than the expiry of the Warranty Period.

Remedy

If a claim is received within the Warranty Period and the Product is found to have failed under the warranty, we shall, at our option:

- Send the product to our authorized repair facility for repair, or replacement if deemed necessary.
- Replace the broken or malfunctioning part or module.
- Exchange the Product with a product that is equivalent or better, if concluded that repair or part replacement would not solve the underlying issue.

As far as applicable laws permit, the Warranty Period will not be extended or renewed or otherwise affected due to subsequent exchange, resale, repair or replacement of the Product. However, part(s) repaired or replaced during the Warranty Period will be warranted for the remainder of the original Warranty Period or for ninety (90) days from the date of repair or replacement, whichever is longer.

Replacement or repaired products, as applicable, will be returned to you as soon as commercially practicable. All parts of the Product or other equipment that we replace shall become our property. If the Product is found not to be covered by this Limited Warranty, we (and our authorized service companies) reserve the right to charge a handling fee. When repairing or replacing the Product, we may use products or parts that are new, equivalent to new or re-conditioned.
