

Active DisplayPort™ to HDMI® Adapter 4K HDR

Connect your laptop, tablet, or docking station through the DisplayPort output to an HDMI-enabled display with our plug-and-play DisplayPort to HDMI adapter. Easily connect to an HDTV, projector, or monitor for video streaming without an additional power source. It supports high-definition resolutions up to 4K at 60Hz as well as High Dynamic Range (HDR) compatible monitors for more vivid colors and an immersive viewing experience. Compact design is perfect for travelers, educators, and professionals in any environment, giving you easy access to both display connections. Ideal for conference rooms, the office, at home, and more.
