Basic Description: (Detailed description for below the fold)

Play your favorite Nintendo Switch games* in style with this officially licensed PowerA wired controller with matte black design. This controller features our latest ergonomic design and standard button layout. A detachable 10ft USB cable with a Velcro-strap is included for easy storage and reduced clutter when you are done playing. Getting all these features at nearly half the price of wireless controllers makes PowerA wired controllers a no-brainer. Finally, our two-year limited warranty reinforces our commitment to quality ensuring you can trust PowerA products to perform.

Story Telling Modules: (for enhanced or A+ product listing)

Module 1:

	Why wired? • Nearly half the cost of wireless • No batteries or charging to manage • Reduced input latency/lag compared to wireless • Instant plug & play connection (no sync required)
--	--

Module 2:

PowerA Quality Promise At PowerA, our controllers are designed by passionate gamers. Our team has over two decades of experience in the gaming industry designing across all platforms. For the price, you'll be amazed at the features and quality built into this controller. Backed by a two-year limited warranty.	
---	---

Module 3:

	Official Licensed Product This PowerA Controller is officially licensed for Nintendo Switch. Always look for this seal when buying video game accessories as assurance that the product has gone thru Nintendo's rigorous testing and evaluation process. Products that do not carry this seal may not work at all with your Nintendo system or may have compatibility issues with certain games.
---	--

Module 4:

Gaming is better together Get a 2nd controller today and play with your friends and family. Be ready for when your buddies come over to challenge you in your favorite multiplayer game. PowerA controllers offer a quality affordable solution for when you just need a spare or want to celebrate your own personal style with our broad range of unique colors and treatments.
