

Door Compatibility Guide

August smart locks easily attach to your existing deadbolt on the inside of your door and are compatible with many different types of single cylinder deadbolts.

Evero odignam renis rest, consed ma dolest quat.
On re sunti odiscimint adis mintiatio odit, cusdaep uditas
estio volupti corro intoreium il iusciunt voluptatet minis nulle

Please note we are not currently compatible with:

- Mortise locks
- Double Cylinder deadbolts (key hole on both outside and inside of door)
- Medeco, Mul-t-Lock or single sided deadbolts

Emporia cor audantemqui dollorecto coreris et quodignatat:

- Int voluptat officendi corectotatem reicia quam reperrum
- nat a volorpo remporepel molupta pore nis dis doloribea arcitia volor sum fugiat
- Am remos essi cum cumquate od et maximaio

Installation Guide

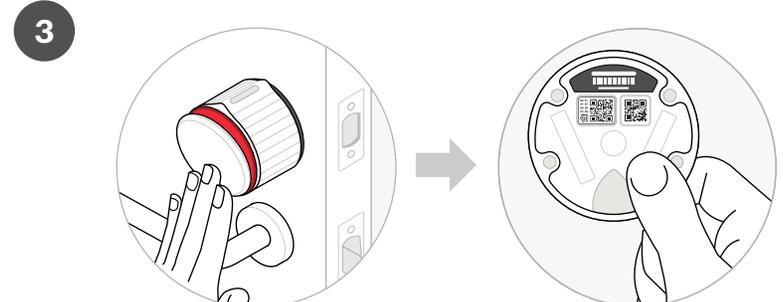

Download the August app to begin setup.

Téléchargez l'application August pour commencer la configuration.

Select 'Setup up my first device' and create your new August account.

Sélectionnez "Configurer mon premier dispositif" et créez votre nouveau compte August.

You will then need to scan the QR Code for your smart lock. Push inward on the 'a' to remove the battery cover and flip it over to reveal your code.

Vous devrez ensuite scanner le code QR de votre serrure intelligente. Poussez sur le 'a' pour retirer le couvercle de la pile et retournez-le pour trouver votre code.

Already an August user?

Open your August app and select "Set Up Device" from the menu. Follow the instructions in the app.

Vous êtes déjà un utilisateur August?

Ouvrez votre application August et, à partir du menu, sélectionnez "Configurer le dispositif". Suivez les instructions de l'application.
