

The MAGLITE Warranty

The terms of Mag Instrument's consumer warranty vary from product to product and from one region of the World to another. In general, we offer a limited lifetime warranty in the Western Hemisphere, and a ten-year limited warranty elsewhere. The warranty excludes certain parts and components and shortens the term of coverage on certain others. Handling charges can also vary by product and region.

LIMITED LIFETIME WARRANTY Mag Instrument, Inc. (Mag) warrants to the original owner that this flashlight is free from defects in parts and workmanship for the life of that owner. Mag or an authorized Mag Warranty Service Center, for a handling fee of \$15.00 (which includes the cost of packing and shipping the product back to the owner), will repair the flashlight or, at its option, replace a defective flashlight or component. (Mag does not warrant the future availability of any particular colors, markings or decorations, and reserves the option to replace a custom flashlight with a standard flashlight.) Registration is not required for warranty coverage. This warranty is in lieu of all other warranties and conditions, express or implied.

EXCLUSIONS: This warranty does not cover any of the following: **1.** Battery exhaustion; **2.** Battery leakage; **3.** Lamp burnout; or **4.** Damage to or failure of the flashlight or any component thereof due to alteration, misuse, battery leakage or lack of maintenance.

Mag Instrument maintains a network of factory-trained and factory-authorized Warranty Service Centers. You can contact the Warranty/Repair Department at our corporate headquarters at
