OPERATING INSTRUCTIONS

Parts Identification

- ① Power switch
- ② Water injection port
- ③ Spray port
- ④ Massage soft rubber mat
- ⑤ Removable rubber pad
- ⑥ Charging Cable

HOW TO USE

1. Open the water tank cover and add warm water, cold water or hair softener (the brush does not have a heating function)
2. Press the switch and make the steam outlet face the ground (If the steam outlet faces upward to the sky, there will be no steam)
3. Comes with a charging cable. The battery can be recharged after it is exhausted. When charging, the indicator light is red. The indicator light turns off when fully charged. (It takes 30 minutes to fully charge and can be worked for 30 minutes after that)
