Govee Tree Floor Lamp

English

Safety Instructions

IMPORTANT SAFETY INSTRUCTIONS
When using products, basic precautions should always be practiced including the following:
READ AND FOLLOW ALL SAFETY INSTRUCTIONS.

Read and follow the safety instructions below:

- Use the product with the provided power adapter only.
- The product is not waterproof. Do not expose it to areas susceptible to water splashes or water drops.
- The internal light sources cannot be replaced. If it breaks, the product should be replaced. Do not allow children to install the floor lamp alone. Do not disassemble or modify the device and its accessories.
- Avoid installing the device near potentially dangerous sources or heat sources(e.g. candles, liquid-filled objects.)
- The working temperature should be between 14°F to 104°F (-10°C to 40°C).
- Store the product in places where the temperature is within -4°F to 140°F (-20°C to 60°C) if you do not plan to use it for a long time.
- Do not install the product with a dimming driver.
- This product is equipped with a microphone, which is only used to capture the rhythm of the sound.

CAUTION-The product is not a toy.
Children and the disabled should use it under adult supervision.
SAVE THESE INSTRUCTIONS

Introduction

Thank you for choosing Govee Tree Floor Lamp! Equipped with three flexible and adjustable lamp heads, this lamp can be placed in your bedroom, living room, or home office, pointing in different directions for ambient illumination. The main features of Govee Tree Floor Lamp include:

- Independent buttons for each lamp head.
- Adjustable lamp heads for illumination direction and area control.
- Smart control: Control the lamp via Govee Home App, including the brightness, color, scene, and timer settings. For more features, please visit the app.

Pairing Your Device with Govee Home App

What You Need

- A Wi-Fi router supporting 2.4GHz and 802.11 b/g/n bands.5GHz is not supported.

1. Download Govee Home App from the App Store (iOS) or Google Play (Android). Log in withyour account. New users need to create an account.
2. Turn on the Bluetooth on your smartphone.
3. Open the app, tap the “+” icon in the top right corner and search for “H60B2.”
4. Tap the device icon and follow the on-screen instructions to complete pairing.

How to use Matter

Step 1
Find the Matter QR code or device number on the product or on the "Device Settings" page in Govee Home App.

Step 2
Turn on the Bluetooth on your smartphone and keep it on.

Step 3
Download and open an app that supports Matter such as Alexa/Google Home/Apple HomeKit, etc.

Step 4
Use the device number or QR code on the product in the app to complete the network connection of Matter for the product.

2. Important:

a. You will need to complete the network connection of apps that support Matter (e.g. Alexa/Google Home/Apple HomeKit, etc.) within 15 minutes after the product is powered on when using Matter for the first time.
b. An IPv6 network is required.
c. Changing the network may cause Matter to malfunction.
d. If the device cannot be connected to Matter's ecosystem app network, please long press the Power Button for 5 seconds to restore the device to factory settings. After that, try connecting again.
e. If you need to change the network when using Matter, close Govee Home App and power off the device. Then, power back on and complete the network connection of apps that support Matter (e.g. Alexa/Google Home/Apple HomeKit etc.) within 15 minutes.

Controlling the Lamp with Your Voice

1. Open the app, then tap the device icon to enter the details page.
2. Tap the settings icon in the top right corner.
3. Select User Guide and follow the on-screen instructions to control the device using your voice.

Troubleshooting

1. **Cannot connect to Govee Home App.**

a. Check if the lamp has been powered on.
b. Check if your smartphone's Bluetooth has been turned on or try connecting the lamp to another smartphone.
c. Ensure that your smartphone is near the lamp when connecting for the first time.
d. If the problem persists, go to the "Device" page to delete the device and follow the previous instructionsto reconnect.

2. **Cannot connect to Wi-Fi.**

a. Check if the lamp has been powered on.
b. Do not skip connecting to Wi-Fi during the pairing process.
c. Ensure that your Wi-Fi router is 2.4GHz capable. 5GHz is not supported.
d. Ensure that you entered the correct Wi-Fi password during the Wi-Fi connection process.
e. Shorten the distance between the lamp and the Wi-Fi router to less than 50ft, then try reconnecting.
f. Use another smartphone to pair with the lamp to check if your Wi-Fi network is working.

3. **Cannot pair or connect with Alexa or Google Assistant.**

a. Ensure that the Wi-Fi connection is stable.
b. Go to the app's Settings page and follow the instructions under "User Guide" to pair the lamp again.

4. **The lamp does not display the selected color fully or some LED beads do not light up.**

a. Please contact Customer Support for a rapid product replacement.
