

HGST Limited Warranty for HGST HDD Products

HGST warrants that the HDD Product (“Product”), when properly used and installed in conformance with HGST’s specifications for such Product, will be free from defects in materials and workmanship and will substantially conform to HGST specifications for such Product during the Warranty Period.

What does this limited warranty cover?

This Limited Warranty applies to new HGST HDDs purchased from an authorized HGST dealer by the original purchaser for normal use and not for resale.

How long does limited warranty coverage last?

HGST Product warranties last for different periods of time. To determine the warranty period for your specific Product, please visit www.hgst.com. A valid proof of purchase may be required to prove eligibility. If you do not have a valid proof of purchase, the limited warranty period will be measured from the date of sale from HGST to the authorized distributor.

My Product has failed, now what?

If you are having trouble with a Product, before seeking limited warranty service, first follow the troubleshooting procedures that HGST or your reseller/distributor provides. To obtain limited warranty service, you must first obtain a Return Materials Authorization and ship-to address by contacting the appropriate HGST Call Center listed at <http://www.hgst.com/support/contact-support>. You must return the covered Product using approved packaging to our logistics center. Packaging guidelines can be found at: <http://www.hgst.com/support/warranty-rma/packaging-instructions>. You must pay any associated transportation charges, duties and insurance in shipping the drive to our logistics center. You should remove all personal information from the Product prior to its return.

What will HGST do?

HGST will replace the Product with a functionally equivalent replacement Product, transportation prepaid. HGST may replace your Product with a product that was previously used, repaired and tested to meet HGST specifications. You receive title to the replaced Product at delivery to the carrier at the HGST shipping point and HGST retains title to the returned Product. You are responsible for importation of the replaced Product, if applicable. HGST will not return the original drive to end users; therefore, the end user is responsible for moving data to another media before returning. Data Recovery is not covered under this warranty and is not part of the warranty returns process. HGST warrants that the replaced Products are covered for the remainder of the original Product warranty or 90 days, whichever is greater.
