

HAPPI STUDIO Bamboo Steamer care guide

HOW TO USE

1. Prepare a wok/ pan that is large enough to hold the steamer basket.
2. Fill the wok/ pan with enough water.
3. Set the steaming ring over the wok and then put the steamer baskets on top of the steaming ring.
4. Line a parchment paper or a plate on the basket and put the food on it.
5. Cover the steamer with the lid and let the steam to cook the food.

HOW TO CLEAN

For the first time:

- Rinse the steamer with clean water.
- Steam the baskets for 10 minutes.
- It is normal to have yellowish water during the cleaning process.
- Do not soak the baskets in water as it will cause swelling and shorten the product lifespan.

For daily use:

- Rinse the steamer with clean water.
- Do not use any dish detergent unless there are food residue on it.
- Do not put the bamboo steamer in the dishwashers.
- Do not soak baskets in the sink.
- Air dry the baskets thoroughly before storing.
- Do not dry the baskets under the sun.

HAPPI STUDIO 304 Stainless-steel Steamer ring care guide

HOW TO USE

1. Place the ring on the pot/ wok with 8 inches or bigger.
2. The ring can be placed inside the wok/ pot as long as there is sufficient space for water to boil without touching the ring.
3. Place the baskets with food on the ring and let the steam to cook the food.

HOW TO CLEAN

For the first time:

- Immerse the ring into hot water for 15 minutes to allow the blue protective film to get soft.
- Peel off the blue protective film.
- Wash with detergent with soft sponge.

For daily use:

- Rinse the steamer ring with clean water
- Do not use wire sponge to clean the ring
