

Terms and Conditions

1. Pressure cookers are guaranteed for a period of 5 years from the date of purchase by the user against defects in material and workmanship.
2. Fair wear and tear is not a defect. Normal replacement parts, namely, safety valve, gasket, and plastic handles are not covered under this guarantee.
3. The complete cooker under complaint must be returned to the Importer at the user's cost and this Guarantee Card must be produced along with the cooker. The number on the Guarantee Card must match the number on the bottom of the cooker.
4. The cooker must be used properly in accordance with the printed instructions contained in the cookbook given with the cooker.
5. Genuine parts of our manufacture must be used at all times.
6. The cooker must not be damaged or weakened by any repair by an unauthorised person.
7. Subject to the above mentioned terms and conditions, we shall repair or replace free of cost any defective part or parts or the whole cooker at our option.

CAUTION

1. Never heat the Hawkins Stainless Steel Pressure Cooker without food or water in the cooker. Doing so may permanently damage the cooker.
2. Always reduce the heat to medium once full operating pressure is reached. Cooking on high heat after full operating pressure has been reached wastes fuel and may cause food to burn and/or the cooker to boil dry.
3. Do not put the hot pressure cooker in cold water as it may weaken the attachment of the base over time.
