

MATERIAL SAFETY DATA SHEET

Hazard Communication Standard (29 CFR 1910.1200(g))

Drain Clog Dissolver

Effective Date: 2022/03/15 Edition: 1.0

1. IDENTIFICATION OF THE SUBSTANCE / COMPANY INFORMATION

Product details

Trade Name: Drain Clog Dissolver

MANUFACTURER / SUPPLIER TRISALES MARKETING LLC

Address Trisales Marketing LLC
Deerfield Beach, FL 33441
United States

Tele. 1-888-238-2012

Email. info@ecopunch.com

IN CASE OF EMERGENCY PHONE # CHEMTREC: 800-424-9300

2. HAZARDS IDENTIFICATION

"Consumer Products", defined by the US Consumer Product Safety Act and are used as intended (typical consumer duration and frequency), are exempt from the OSHA Hazard Communication Standard (29 CFR 1910.1200). This SDS is being provided to assist in the safe handling and proper use of the product.

Classification of the substance or mixture in accordance with GHS 29 CFR 1910.1200

Skin Irritation Category 2

Eye Irritation Category 2

Label Elements

Hazard Pictogram(s): Irritant
Signal Word(s): Warning
Hazard Statement(s): May cause skin or eye irritation
Precautionary Statements:

IF IN EYES:

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention

IF SWALLOWED:

Drink plenty of water. Call poison control if the person feels unwell.

IF ON SKIN:

Rinse with plenty of water If skin irritation occurs, get medical attention.

3. COMPOSITION / LIST OF INGREDIENTS

CHEMICAL NAME	CAS #	% WEIGHT	LD ₅₀ (ORAL)
Sodium Hypochlorite (12.5%)	7681-52-9	1.00 - 10.00 %	805 mg/kg

Comments: US GHS: The exact percentage (concentration) of composition has been withheld as a trade secret in accordance with paragraph (i) of §1910.1200.

4. FIRST-AID MEASURES

Skin Contact: Remove the affected person from the source of contamination. Rinse immediately with plenty of water. If irritation develops, get medical attention.

Eye Contact: Flush eyes immediately with plenty of water for at least 15 minutes. Remove any contact lenses and open eyelids wide apart. If irritation develops, get medical attention.

Ingestion: Rinse your mouth thoroughly with water. Remove any dentures. Give some water or milk to drink. Stop if the affected person feels sick as vomiting may be dangerous. Do not induce vomiting unless under the direction of medical personnel. If vomiting occurs, the head should be kept low so that vomit does not enter the lungs. Never give anything by mouth to an unconscious person.

5. FIRE FIGHTING MEASURES

General Flammability Information: The product is not flammable. Extinguish with alcohol-resistant foam, carbon dioxide, dry powder, or water fog. Use fire-extinguishing media suitable for the surrounding fire.

Flashpoint (° C) and Method:	Not Applicable
Upper Flammable Limit (% by volume):	Not Flammable
Lower Flammable Limit (% by volume):	Not Flammable
Autoignition Temperature (°C):	Not Applicable
Explosion Data — Sensitivity to Impact:	Not Applicable
Explosion Data — Sensitivity to Static Discharge:	Not Applicable
Hazardous Combustion Products:	Not Applicable

Special Hazards Arising From The Substance Or Mixture:

Protective Actions During Firefighting: Avoid breathing fire gasses or vapors. Evacuate area. Cool containers exposed to heat with water spray and remove them from the fire area if it can be done without risk. Cool containers exposed to flames with water until well after the fire is out. If a leak or spill has not ignited, use water spray to disperse vapors and protect men stopping the leak.

Special Protective Equipment for Firefighters: Wear positive-pressure self-contained breathing apparatus (SCBA) and appropriate protective clothing. Firefighter's clothing conforming to European standard EN469 (including helmets, protective boots, and gloves) will provide a basic level of protection for chemical incidents.

6. ACCIDENTAL RELEASE MEASURES

Steps to be Taken in Case Material is Released or Spilled:

Personal Precautions, Protective Equipment, And Emergency Procedures:

Ensure adequate ventilation. Wear personal protective equipment

Small spills (one gallon or less): Flush with plenty of water to the sanitary sewer system.

Large Spills (greater than one gallon): Dike and contain large spills with inert material and transfer liquid to containers for disposal. Do not release large quantities into the surface water or into drains

Waste Disposal Method: Soak up with inert absorbent material. Pick up and transfer to properly labeled containers. Dispose of in compliance with all federal, state, and local laws and regulations.

7. HANDLING & STORAGE LISTS AND PRECAUTIONS

Handling: Handle in accordance with good industrial hygiene and safety practices. Avoid contact with skin and eyes. Wear suitable personal protective equipment. Wash hands and exposed skin after use. Do not eat, drink or smoke when using this product.

Storage: Keep containers tightly closed in a dry, cool, and well-ventilated place. Keep out of reach of children.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION LIMITS

Eye/Face Protection: Use safety goggles when handling chemicals.

Skin and Body Protection: Wear protective gloves when handling chemicals.

Respiratory Protection: No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation, respirator or evacuation may be required.

Hygiene Measures: Handle in accordance with good industrial hygiene and safety practices.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical State:	Liquid
Odor and Appearance	Mild Bleach, Pale Yellow
Odor Threshold (ppm)	UNTESTED
Specific Gravity	1.063
Viscosity	0.688 Pa s
Vapor Density (air = 1)	UNTESTED
Vapor Pressure (mmHg)	UNTESTED
Evaporation Rate	UNTESTED
Boiling Point (° C)	100.4°C
Freezing Point (° C)	-5 °C
pH	12.5 - 13
Coefficient of Water/Oil Distribution	UNTESTED
[Solubility in Water]	Soluble

10. STABILITY & REACTIVITY

Reactivity:	No data available.
Chemical Stability:	Stable under recommended storage conditions. (Under Testing)
Possibility of Hazardous Reactions:	None under normal processing.
Hazardous Polymerization:	None under normal processing.
Conditions to Avoid:	None known
Incompatible Materials:	None known
Hazardous Decomposition Products:	None Known

11. TOXICOLOGY

Inhalation: Prolonged inhalation of high concentrations may damage the respiratory system.

Ingestion: Gastrointestinal symptoms, including an upset stomach. Fumes from the stomach contents may be inhaled, resulting in the same symptoms as inhalation.

Skin contact: Prolonged contact may cause irritation or an allergic reaction to the skin.

Eye contact: Eye irritant

Irritancy of Product	Irritating to skin and eyes
Skin Sensitization	It is not a skin sensitizer
Respiratory Sensitization	It is not a respiratory sensitizer
Carcinogenicity-IARC	Contains no ingredient listed as a carcinogen.
Carcinogenicity - ACGIH	Contains no ingredient listed as a carcinogen.
Reproductive Toxicity	No
Teratogenicity	No
Embryotoxicity	No
Mutagenicity	No

Notes for the Doctor: Treat symptomatically. Specific treatments. No special treatment required

12. ECOLOGICAL INFORMATION

Ecotoxicity:	Extremely large spills in aquatic environments may be toxic.
Persistence and Degradability:	UNTESTED
Bioaccumulation:	UNTESTED
Other Adverse Effects:	UNTESTED

13. DISPOSAL CONSIDERATIONS

Waste Disposal: This material is not hazardous waste according to Federal regulations (40 CFR 261). This material could become a hazardous waste if it is mixed with or otherwise comes in contact with hazardous waste, if chemical additions are made to this material, or if the material is processed or otherwise altered. Consult 40 CFR 261 to determine whether the altered material is a hazardous waste. Consult the appropriate state, regional, or local regulations for additional requirements.

Surplus Products: Dispose of surplus and those that cannot be recycled via a licensed waste disposal contractor.

Waste Packaging: Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of the local water authority.

Contaminated Packaging: Dispose of contents/containers in accordance with local regulations.

14. TRANSPORTATION INFORMATION

U.S. Department of Transportation (DOT) Not regulated as dangerous goods.

15. REGULATORY INFORMATION

Safety, Health, And Environmental Regulations/Legislation Specific For The Substance Or Mixture GHS Created in accordance with the OSHA's implementation of the Globally Harmonized System of Classification and Labeling of Chemicals (GHS)

US EPA TSCA: All ingredients are on the TSCA inventory.

Health Canada DSL and NDSL: All ingredients are on the DSL or NDSL.

Hazard Categories

Acute Health Hazard Yes

Chronic Health Hazard No

Fire Hazard No

Sudden Release of Pressure Hazard No

Reactive Hazard No

CWA (Clean Water Act): This product does contain substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

CERCLA: This material does contain substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

US State Regulations California Proposition 65: This product does not contain any Proposition 65 chemicals.

U.S. State Right-to-Know Regulations: This product does not contain any substances regulated by state right-to-know regulations

This information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process. Such information is, to the best of the company's knowledge and belief, accurate and reliable as of the date indicated. However, no warranty, guarantee, or representation is made to its accuracy, reliability, or completeness. It is the user's responsibility to satisfy himself as to the suitability of such information for his own particular use.

16. OTHER INFORMATION

1	Health
0	Flammability
0	Reactivity
G	Protective Equipment

- 4. Severe Hazard
- 3. Serious Hazard
- 2. Moderate Hazard
- 1. Slight Hazard
- 0. Minimal Hazard

Always follow label directions carefully when using this or any other chemical product. If information about this product is required, please contact the supplier/manufacturer listed on the first page of the document.

Keep Safety Data Sheets filed and organized in an area accessible to workers according to all applicable regulations. All information contained in this SDS is provided to the best of Kanten Solutions' knowledge. No warranty is made with respect to this information expressed or implied, including warranties of merchantability or fitness for a particular purpose. Users are responsible for verifying the information under their own operating conditions to determine whether the products listed in the SDS are suitable for their intended use. Users are responsible for compliance with all laws and regulations as may be required by their receipt of the information and use of the products provided with this SDS.
