

What does my warranty cover and how long does it last?

Your warranty will only cover manufacturing defects. It does not cover regular wear and tear, including but not limited to, breakage due to abuse, cosmetic damage, dents and chips, improper usage, water damage, or other causes attributable to events outside the manufacturing process.

US and Asia: 1 year warranty from date of purchase

EU: 2 year warranty from date of purchase

Please note the above warranty terms apply to purchases made through Steelseries.com or an authorized Steelseries reseller. Warranty is non-transferable and only valid in the country of original purchase. If the product was purchased from a third party Steelseries reseller, we may direct you to the regional distributor for warranty services.

Products received from Steelseries as part of a warranty claim, using an RMA code, will be warranted for 30 days or from the purchase date of the original product that was claimed for warranty (whichever is greater). Using an RMA coupon code on Steelseries.com does not extend the warranty nor change the product for which the warranty is applicable to.

All products are covered by local warranty regulations.
