Declaration of Conformity

We hereby declare that the product identified above has been manufactured in accordance with established quality control procedures and product specifications.

The product is manufactured in a facility operating under an ISO 9001:2015 certified Quality Management System. Product performance has been evaluated in accordance with applicable industry testing methods for flexible polyurethane foam materials.

Based on manufacturer quality assurance procedures and supporting documentation, the product is suitable for its intended use and complies with applicable requirements for sale in the United States.

Yuriy Sorochev, Director
