

Grease Gun Accessory Kit Instructions

Safety Information

- Keep your work area well lit. Cluttered or dark areas invite accidents.
- Stay alert. Watch what you are doing, and use common sense when using this product.
- Use personal protective equipment adequate for your work. Always wear eye and hand protection when working with grease guns.
- Do not overreach. Keep proper footing and balance at all times.
- Do not use excessive pressure with this product.
- Be careful of the placement and fit of the accessories. An improper fit combined with high pressure can lead to accidents.

Parts List

Specifications

Material	Q45 Steel, HDPE	
Fitment	4 mm 7 mm 10 mm 15 mm 16.7 mm 16.73 mm 16.9 mm	
Max. Pressure	3000 psi	205 bar
Dimensions	8.8×6×3 in.	22.5×15.5×8 cm
Net Weight	2.2 lb.	1 kg

Operation

1. Locate the right adapter for your machine and ensure it is clean and free of any obstruction.
2. Prepare your grease gun, affixing the adapter. If you are changing greases, be sure to clear any old grease remaining in the nozzle.
3. Use your adapter as needed, clearing any excess grease as you go.

Maintenance

- Clean these adapters of any debris or excess grease with a soft wet cloth after each use. Do not use harsh abrasives or caustic chemicals.
- Store in a cool dry location away from direct sunlight.
