

## Application Installation

Method 1: Visit [www.ubitracer.com/support](http://www.ubitracer.com/support) to find the download link for your mobile device.

Method 2: Search UBITracer in google play or apple app store.

Method 3: Scan the QR code on the right to find the download link.

Then install the UBITracer mobile app on your phone.

1

## Account Registration

If you don't already have a user account with us, please use the UBITracer mobile app to create an account.

2

## Register your device

Log into the UBITracer mobile app. Click + icon under **My Devices** tab. Click or to switch between the following 2 registration methods.

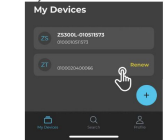

Method 1: Scan the QR code on the device.

Method 2: Type in the SN under the bar code.

3

## Service Plan and Payment

Each UBITracer device requires its own service plan. Register the device using the UBITracer mobile app and click the SN in your device list.

Then follow the prompts to select an appropriate service plan and enter payment information.

4

## Monitor and Locate

After selecting a plan, clicking the SN will bring you to the device detail page where you can view your trip, report and chart in real time. Click the time horizon window at the bottom to change timeframe.

Click the name of sensor values underneath the chart to display or hide them on the chart.

5
