Dear Sir/Madam:

The products listed below contain the ingredient camphor. These products have been assessed and approved by Health Canada for sale on the Canadian market based on available quality, safety and efficacy evidence. Upon Health Canada approval they were issued a Drug Identification Number (DIN) or a Natural Product Number (NPN). All of these products have been approved for non-prescription (OTC) status by Health Canada. In addition, the drug scheduling information for each product is provided. There should be no restrictions on selling these products with the exception of QC for some products, noted below.
