### Usage

Suitable as an emollient for facial use. Produced as a leave-on product. Apply to dry skin and massage in.

The product is an oil-based semi solid balm. For best results apply very sparingly; just a pea-sized amount to the face and gently massage in. Allow the balm to absorb slowly before applying any further products.

The product is suitable for dry skin types.

The formulation contains ingredients that can help fight the visible signs of ageing. Key ingredients of Rose and Frankincense can improve skin's tone and texture and fight the appearance of wrinkles.

### Shelf Life and Storage

The PAO on this product is 6 months. Keep out of direct sunlight and heat to prevent melting and deteriorating the product efficacy. This product is particularly sensitive to heat so ensure it is kept in a cool, dry space.
