Smart Nutrition Scale
Model: ESN90

QUICK START GUIDE

To download the VeSync app, scan the QR code or search “VeSync” in the Apple App Store® or Google Play™ Store.

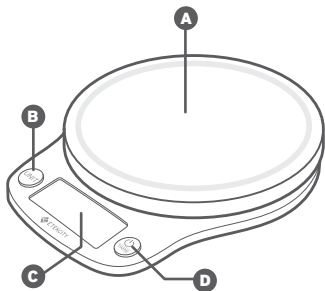

Open the VeSync app. **Log In** or **Sign Up**.

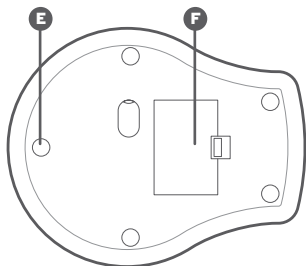

Make sure your phone has Bluetooth® turned on. For Android users, make sure your location is turned on as well.

Follow the in-app instructions to add your smart scale.

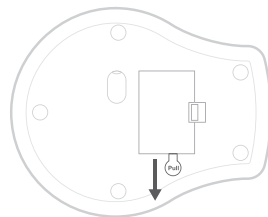

- A. Weighing Platform
- B. Unit Selection Button
- C. Digital Display

- D. Power/Tare Button
- E. Anti-Skid Pads
- F. Battery Compartment

USING YOUR SCALE

Before first use, remove the plastic strip from the battery compartment.

1. Push τ/ψ to turn on the scale. To turn it off, press and hold for 2 seconds.
2. Push **UNIT** to switch between measuring units. For volume, you can choose between water \cup or milk \mathcal{M} options.
3. Push τ/ψ to tare (or zero out) the weight of a container.

Note: You can use the VeSync app for smart control of the Tare function, unit switching, auto-off settings, and more.

TROUBLESHOOTING

My scale won't turn on.

- Make sure the plastic strip is removed from the battery compartment on the underside of the scale.
- Make sure the batteries are new and properly installed under the correct polarity as marked in the battery compartment.

My scale display is dim.

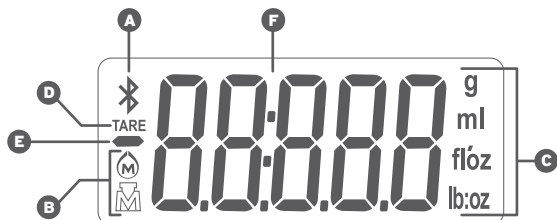

- The scale is on standby. Place an item on the scale for measurement.
- Batteries may be running low. Replace batteries.

My scale won't connect to the VeSync app.

- Make sure your phone is within 30 ft / 10 m of your scale.
- Make sure your phone has Bluetooth® turned on and is not connected to another Bluetooth® device.

My scale display shows "Err".

- There is too much weight on the scale. Remove weight from the scale to protect its weight sensors.

- A. Bluetooth Mode
- B. Weighing Mode
- C. Measurement Unit
- D. Tare Mode
- E. Negative Weight Value
- F. Weight Value
