Packing List

- Earphone x1
- Earplugs installed by default x1
- User Guide x1

Basic Parameters

Product name	realme Buds Wireless 5 ANC
Product model	RM242C
Bluetooth version	Bluetooth 5.4
Bluetooth protocol	HFP / A2DP / AVRCP
Bluetooth channel	SBC, AAC
Charging interface	Type-C
Music battery life (normal mode)	About 30h
Machine charging time	About 1h
Bluetooth communication distance	60m
Working frequency	2402-2480 MHz
Max power rate	< 100mW

5CC statement

The equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to you or anyone else, you may need to take one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the device to an approved power line outlet for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) The device may not cause harmful interference, and (2) the device must accept any interference received, including interference that may cause undesired operation.

Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The SAR level of this FCC is 1.9 W/kg averaged over gram of tissue.

Warning

- Don't place the product into a liquid environment or avoid the product exposed to high humidity.
- Avoid extrusion to avert the damage to the product.
- Don't attempt to dismantle the product. Put the product in a cool and dry place to keep it dry stored for a long time.
- Avoid touching the strong magnet to prevent the magnetic headset from being demagnetized.
- Avoid the dusty, wet and dirty environment where the electronic circuit of the equipment may be damaged if being used.
- Don't use the equipment at the moment of thunderstorm because the thunderstorm may impact headset but avoid headset.
- Don't use the equipment when riding a motorcycle or a bicycle, driving a car or crossing the road to ensure your safety.
- Keep the equipment out of reach of children or pets to avert the damage.
- Don't listen to the voice under high sound pressure and high volume for a long time to prevent the possible hearing impairment when the headset is used.

Don't listen to the voice under high sound pressure and high volume for a long time to prevent the possible hearing impairment when the headset is used.

The symbol means that according to local laws and regulations your product and/or its battery shall be the subject of separate waste handling system. When the product reaches its end of life, you have the choice to give the product to a competent recycling organization. Proper recycling of your product will protect human health and the environment.

Guía del usuario

Parámetros básicos

Nombre del producto	waime Buds Wireless 5 ANC
Modelo del producto	RM2422
Versión de Bluetooth	Bluetooth 5.4
Protocolo Bluetooth	HSP, A2DP, AVRCP
Código Bluetooth	SEC_4AC
Intensidad de carga	Tipo C
Duración de la batería con reproducción de música (modo normal)	Aproximadamente 38 horas
Tiempo de carga del dispositivo	Aproximadamente 1 hora
Distancia de comunicación Bluetooth	≤ 10 m
Frecuencia de funcionamiento	2402 ~ 2480 MHz
Tasa de potencia máxima	< 1 dBm

Declaración en relación con la FCC

Este equipo fue probado y se halló que cumple con los límites correspondientes a un aparato digital de Clase B, de conformidad con la Parte 15 de las Reglas de la FCC. Estos límites están diseñados para brindar una protección razonable contra interferencias recibidas en instalaciones residenciales. Este equipo genera, usa y puede irradiar energía de radiofrecuencia, por lo que si se instala y/o se usa de acuerdo con las instrucciones, puede causar interferencias recibidas en instalaciones comerciales. Sin embargo, no hay garantía de que no se produzcan interferencias en alguna instalación en particular. Este equipo causa interferencias recibidas en la recepción de radio o televisión, lo cual puede deteriorarse agravando y extendiendo el ruido. Se recomienda al usuario que siempre corra la interferencia mediante una o más de las siguientes medidas: reorientar o reubicar la antena en el exterior, aumentar la separación entre el equipo y el receptor, conectar el equipo a una línea de un circuito diferente o que está conectado al receptor o control al distribuidor o a un técnico especializado en radio-TV para obtener ayuda.

Este aparato cumple con la Parte 15 de las Reglas de la FCC. El funcionamiento está sujeto a los dos condiciones siguientes: (1) este aparato debe causar interferencias recibidas, y (2) este aparato debe aceptar las interferencias recibidas, incluidas las que pueden causar un funcionamiento no deseado.

El límite SAR de EE. UU. (FCC) es de 1.6 W/kg promediado en un gramo de tejido.

Advertencia

- No coloque el producto en un entorno húmedo y nunca exponer el producto a alta humedad.
- Evite el contacto para evitar dañar el producto.
- No trate de desmontar el producto. Colocar el producto en un lugar fresco y seco para mantenerlo seco y alejado durante mucho tiempo.
- Evite tocar el cable para evitar que los auriculares magnéticos se demagneticen.
- Evite el uso de otros elementos personales, herramientas y cables donde el cable del dispositivo del equipo pueda dañarse.
- No utilice el equipo durante una tormenta porque existe poder provocar averías en el equipo o peligro de descarga eléctrica.
- Por su seguridad, no utilice el equipo al montar en motocicletas o bicicletas, conducir un automóvil o tomar la carretera.
- Mantenga el equipo lejos del alcance de los niños y las mascotas para evitar daños.
- No use el equipo con productos químicos, líquidos o detergentes tóxicos.

 No encienda o abra presión sonora y volumen alto durante mucho tiempo para evitar posibles lesiones auditivas por el uso de las auriculares.

 Este símbolo significa que, al ocurrir con las leyes y regulaciones locales, su producto y/o sus acciones deben cumplir con los requisitos de la ley. Cuando una ley local prohíba el uso de un producto, asegure que el producto sea seguro y no dañe al medio ambiente. El símbolo ubicado en su producto protegerá la salud humana y el medio ambiente.

Battery warning

The table is lithium battery powered. The product is charged to be disassembled, inspected, installed or put into use. The battery under the very low air pressure may result in explosion or flammable liquid or gas issue. Avoid the battery in a high-temperature environment or be exposed to strong sunlight to avoid explosion. Don't use the battery continuously or use it when overheating. The battery should be handled pursuant to the local regulations and shall not be disposed as household garbage. Don't try to repair, remove or weld the battery. An explosion may happen if the battery is replaced by the user subject to incorrect models. Don't compress or puncture the battery with a hard object. Battery leakage, overheating or outburst of a fire may occur if the battery is destroyed.

Types

1. This product contains a battery. If it is not used for a long time, please store it in the environment of 40°C - 50°C and charge the product at least every 2 months to prevent the battery performance from deteriorating.
2. Please use the headphones or charge it in a normal environment (ambient temperature 0°C - 40°C, humidity 40% - 80%). The headphones can be charged quickly at 30°C - 40°C. If the product temperature is too high, the high-temperature range, it may cause damage to the headphones and battery performance.

Warranty

Thank you for purchasing music player. If any manufacturing defect problems occur within 12 months from the date of purchase, you can enjoy our company's warranty service.

Warranty Needing Attention:

1. When you buy the product, the sales unit will issue a valid proof of purchase.
2. The warranty card and the valid proof of purchase should be brought by the user properly, and will be required for filing a claim.
3. If the product fails due to non-human factors, the user can present the warranty card and proof of purchase to the nearest customer service center for maintenance during the warranty period.

Non-warranty situation:

The warranty does not cover the following cases:

1. Out of warranty period.
2. Damage caused by use not in accordance with the instructions.
3. Damage caused by man-made misuse.
4. Damage caused by unauthorized disassembly, maintenance, or modification of the product.
5. Damage caused by force majeure factors (such as floods, earthquakes, lightning, etc.).
6. Damage caused by car accident, or warranty card that does not match the item information.
7. The product was not warranty.

Other failures and damages that are not caused by the quality of the product itself.
